

PITT  
ELECTRONIC RESEARCH  
INFORMATION SOLUTION

Book 3

# Contents

- 3 [A Closer Look - Phase 2](#)
- 13 [What's Next](#)

# Taking a Closer Look

This lookbook showcases features of Phase 2 of the PERIS™ portal:

- Award Activation
- Compliance Integration
- Development of Robust Reports

# Streamlined

processing and activation  
of sponsored research awards

This solution will provide a platform for electronically collecting information, routing and activating a sponsored research award .

# Compliance integration

Utilizes cross-system integration to connect research operations and compliance.

## AREAS

- COI
- Export Control
- IACUC
- IBC
- HRPO
- MyFunding
- MyRA

# Robust reporting capabilities

Departments, schools, and central areas will have the ability to generate sponsored research reports.

Capabilities will include the generation of reports to address sponsored research activities in specific areas and units, such as the number of submissions, proposal success rates, and awarded dollars.

Create summary reports  
and analyze data by:

- Department
- Sponsor
- Dollars requested  
versus dollars received

# What Is Next?

Phase 3 Development of a  
Principal Investigator Dashboard  
to consolidate and manage  
research administrative, training,  
and compliance activities.

---

Launched in January 2018.
