MyRA Registration

The first step in gaining access to MyRA is to complete the MyRA Self-Registration Form. This is required for a Principal Investigator looking to submit an agreement or an Administrator looking to prepare an agreement.

Self Registration

* First Name:	
Middle Name:	
* Last Name:	
* Pitt User Account:	
* Department/School:	

A University of Pittsburgh computing account is required to register for and to access MyRA. Individuals without a Pitt computing account may want to inquire about the creation of a Sponsored Account from Pitt Information Technology.

Once a Self-Registration is submitted the MyRA Team will create a profile. When complete, the registrant will receive a confirmation e-mail. Once this e-mail is received the registrant will be available to be selected as a Principal Investigator and/or create an agreement.

Basic Information

1. * Select the Principal Investigator (If you can't find the PI, contact the Office of Sponsored Programs at myrahelp@pitt.edu):
   Tip: Type the last name in the box below OR click "Add" to select from a complete list of names ❓ 💬

Name	E-mail	Phone
